Have fun you two.... been to that location and its not welcoming, fact is the cops hate us..

Douglas went there to pick up mass quantities gold and silver and 10 ounces of Platinum when Roger left it by the side of the road, I went with him....

The jewelry list isn't very specific. see attached, may want to take it with you to try and match it up to the list.

The cash should amount to a little over 633k and when you add the 44k already returned its a good number.

Cyndi

I would like to see it and make a copy of the check for a scrap book of sorts.

The property is available for pickup in Georgetown between 8 and 3:30. I can pick it up and bring it to the office for a photo shoot or you can join me at pickup location. Your call. I'm going to try to do it today. I'm pretty sure the cash will be returned as a (government-laundered) check.

I'll stand by for you reply.
